

Class 10 for Full HD video
Capacities: SDHC: 32GB
SDXC: 64GB**

SanDisk® High Endurance Video Monitoring Card

Designed for dash cams and home security cameras

Highlights

- Ideal for dashboard cameras and home video monitoring
- Stands up to 10,000 hours of Full HD video recording¹ [64GB ONLY], [32GB is up to 5,000 hours of Full HD]
- Built for and tested in harsh conditions; temperature proof, shock proof, water proof²
- Class 10 for Full HD video (1080p) recording and playback³
- Read/write speeds up to 20MB/s* for fast performance and downloads
- Specially developed for high endurance applications
- Fits both SD™ and microSD™ formats (adapter included)
- Two-year warranty⁴

The right choice for external storage

Built to stand up to 10,000 hours of Full HD video¹ recording [64GB ONLY] [32GB: up to 5,000 hours of Full HD], our high endurance card provides the capacity, performance and exceptional reliability today's dash cams and in home security systems demand. Whether you put it in your dashboard camera or use it as local storage for your home video monitoring system, this proven-tough memory card lets you rest assured you'll have the evidence when you need it.

Proven tough in extreme conditions

Our High Endurance Card is protected against temperature extremes (-25C to +85C), shock, water and x-rays², so you've got it covered if you have to prove to your insurance company what a good driver you are—or help the authorities nab the burglar fast. Speed Class 10 delivers Full HD video recording performance³, and the included adapter (microSD™ to SD™ card format) means it works with most of today's most popular security cameras.
