Product features

Genius compatible

My Passport™ for Mac portable storage works straight out of the box with Mac devices which makes it easy to keep you moving on your journey. Simply drag and drop files to and from, or setup a backup routine with the included backup software² to help protect the contents of your digital life: photos, videos, music, and documents.

Locked down

The My Passport™ for Mac drive's built-in 256-bit AES hardware encryption with password protection helps keep your digital life's contents secure. Just activate password protection and set your own personalized password using the included software².

Compatible with Mac and Windows®

My Passport™ for Mac is ready to deliver plug-and-play storage out of the box. You can also work across both Mac and PC. We provide a downloadable HFS+ driver for Windows® 10+ to enable you to read and write to your drive without reformatting.

Easy save

My Passport™ for Mac portable storage includes a SuperSpeed USB-A cable and a USB-A to USB-C™ adapter. And with SuperSpeed USB (5Gbps), you can quickly start backing up everything in your life.

Ongoing confidence

There's no telling what's ahead in your own journey. That's why WD® builds drives to demanding requirements for durability and long-term reliability. On top of that, it comes with a 3-year limited warranty³.
