Every journey needs a passport.

The My Passport™ for Mac drive is trusted, portable storage that perfectly complements your on-the-go lifestyle. Compatible with USB-C™ and USB-A, the drive also comes in a new, stylish design that fits in the palm of your hand. Perfectly paired with Apple’s Time Machine backup software and password protection, the My Passport for Mac drive helps keep your files safe and your life driving forward.
My Passport™ for Mac

Product features

Genius compatible.
My Passport™ for Mac portable storage works straight out of the box with Mac devices which makes it easy to keep you moving on your journey. Simply drag and drop files to and from, or setup a backup routine with Apple’s Time Machine software to help protect the contents of your digital life: photos, videos, music, and documents.

Plays nicely.
The My Passport™ for Mac drive includes USB-C™ and USB-A cables, so you can save tomorrow’s content with the Mac computers of both today and yesterday.

Locked down.
Keep your digital life’s contents secure with My Passport™ for Mac password protection and built-in 256-bit AES hardware encryption. Just activate password protection and set your own personalized password using WD Discovery™.

Super easy.
My Passport™ for Mac portable storage is ready right out of the box including all necessary cables. And with SuperSpeed USB, you can quickly start backing up everything in your life and keep driving forward.

Social friendly.
Included WD Discovery™ software lets you connect to popular social media and cloud storage services like Facebook, Dropbox, and Google Drive™. Seamlessly import, organize, and share your photos, videos, and docs to the My Passport for Mac drive to backup your online social life. WD Discovery can also manage your drive through WD Drive Utilities™.

Ongoing confidence.
There’s no telling what’s ahead in your own journey. That’s why WD® builds drives to demanding requirements for durability and long-term reliability. On top of that, it comes with a 3-year limited warranty.

WD products are precision instruments and must be handled with care during unpacking and installation. Rough handling, shock, or vibration can damage drives. Always observe the following precautions when unpacking and installing your external storage product:

- Do not drop or jolt the drive
- Do not move the drive during activity
